

Vox Ignis ViAC-CNP-SS "Assist Call" Cancel Plate With Indication And Sounder

An Assist Call Cancel Plate with indication and sounder. The cancel plate is used to cancel the alarm; the cancel plate should be mounted 1m from the floor and level with the front of the toilet. The cancel plate is supplied as a single gang brushed stainless steel plate as standard with a blue halo indicator for the visual alarm and a buzzer for the audible alarm.

For simplicity all wiring is a standard two core cable, the wiring order of the plates is not fixed and therefore can be wired in any order to give total flexibility in the installation routes.

Key Features

- Single gang
- Stainless Steel
